What is this Web Session about?

The Topics

Web Session: Production and Packaging of Pet Food

In Germany, around 57% of German Citizens own at least one Pet.* This corresponds to around 33.9 Million Animals, including Dogs, Cats, Small Mammals and Ornamental Birds, all living in German Households.

Accordingly, the market for Pet Food and Accessories is growing exponentially. For their favourite Dogs, Cats, Rabbits, Birds and other Small Animals, Germans spent around 4.3 Billion Euros on Pet Food alone in 2024. An impressive figure that continues to increase, year over year.

The Web Session "Production and Packaging of Pet Food" will focus on this Topic, exploring the Plants, Processes and Components required for the successful Production and Packaging of Pet Food.

Top-class Keynote Speakers will provide valuable insight into the Requirements and Regulations for Pet Food Production.

Showcase your Expertise on these Topics and participate in the Web Session as one of several select Partners.

Why should you Book a Lecture Slot?

Your Key Benefits

With a Presentation, you will have the opportunity to convey your Specialist Knowledge in your chosen Subject Area directly to your Target Group.

This will position you as a Qualified Expert Partner for existing Customers alongside potential Brand New Customers.

Qualified Lead Generation

You will receive the Leads of the Participants who have Registered for the Websession in addition to detailed Reporting to identify potential New Customers. GDPR Compliant.

Long Range

Address your Target Group throughout Germany and beyond and benefit from our unparalleled Network.

Long-term Impact

We take care of the Technology and Project Management and generate additional Leads through the on-demand Webcast.

Increased Visibility

With participation prior, during and after the Websession, as a Partner you will receive additional profile within our Network and benefit from increased Brand Awareness.

Clear Positioning

As one of several select Partners, you will present yourself as an Expert within your Industry and will stand out in the Target Group due to your relevance and influence.

What does a Booking include?

Services and Prices

Showcase your Expertise to the Target Market!

With your Products and Services, you will be an excellent fit for this Web Session if you offer Solutions, Systems or Components for the Production, Processing or Packaging of Pet Food – from Raw Material Management to Mixing and Extrusion Technologies to Filling, Packaging and Labelling Solutions.

In addition to the complete Registration List, you will also receive High Reach through our extensive Webinar platform.

The number of available Lecture Slots is strictly limited. We therefore recommend booking early to avoid disappointment and ensure you benefit from all of the associated marketing activity.
