

17. Medical Technology Colloquium

Meeting place for Medical Technology Production

4. November 2026

CHIRON Group
Kreuzstraße 75
78532 Tuttlingen

Image: CHIRON Group

Initial Overview

The Medical Technology Colloquium highlights current challenges in Medical Technology

- The Medical Technology Colloquium is an established face-to-face Event hosted in Tuttlingen over many years and taking place on the premises of the CHIRON Group.
- The Venue is located in Tuttlingen, a global epicentre of Medical Technology with over 400 Manufacturing Companies.
- The current trend in Medical Technology towards smaller, lighter, intelligent and personalised Medical Devices is made possible by technological advances in Manufacturing Technologies.
- In order to exploit this potential, cost-effective Production Processes and Process Chains are required that can meet the high demands of the complexity and quality of the Products.
- In the Medical Technology Industry, too, new Manufacturing Processes are increasingly being used that are Networked, Flexible and allow data-supported Process Optimisation.

Review 16th Medical Technology Colloquium 2025

80 Participants on site

Partners in 2025:

CHIRON Group SE, Louis Belet SA, Max F. Keller GmbH, MMC Hartmetall GmbH, Renishaw GmbH, Siemens AG

KG, Kistler Instrumente GmbH, Kreidler Zerspanungswerzeuge, Maschinenbau Silberhorn, Middex-Electronic, mock.legal, Nagel GmbH, NUM GmbH, OPEN MIND Technologies AG, OSG GmbH, Pascal GmbH, Rebstock Instruments GmbH, Recomatic SA, Rego-Fix AG, Rhenus Lub GmbH & Co KG, rk instrumente GmbH, Rollon GmbH, Schaeffler Industrial Drives, Schunk SE & Co.KG, Spanflug Technologies GmbH, Swiss Steel Deutschland GmbH, TU Darmstadt, UTILIS AG, Voßler, Wieland Anlagentechnik GmbH, WITTENSTEIN alpha GmbH, y-medical, ZECHA Hartmetall-Werkzeugfabrikation GmbH

The Concept and Objectives of the Event

Exciting Lectures | Interesting Keynote | Attractive accompanying Exhibition | Networking at eye level

- Leading Companies from diverse areas of Medical Technology present themselves in a concentrated format in a single day, all in one place, and showcase different areas of the Medical Technology Manufacturing Process Chain.
- The aim is to use Synergies along the Process Chain, in order to identify viable Solutions based upon numerous specified Problems.
- An interesting Keynote Speech and an attractive accompanying Exhibition will round off the supporting Programme.
- The Event promotes Networking and exchange between Companies, Users and Visitors.
- As the leading Trade Magazine, mav implements the appropriate Public Relations work, with Editorial and Advertising contributions, and coordinates the Event.
- Visitors pay €80 for Admission. Business Associates of our Partners can participate free-of-charge by utilising a unique Invitation Access Code.

Together for Success

Thanks to many years of experience, the Event remains steadfastly on the road to success...

- We schedule and co-ordinate, with 80-120 Visitors per Event.
- Each Partner invites its Customers / Business Partners to the Event and to its Lecture.
- The Lectures should be benefit-oriented. Genuine and viable Innovations / Solutions are presented, as opposed to a general outline of the Product Range.
- Through Visitor and Exhibitor Surveys, we ensure the quality of the Event and strive to constantly improve. Visitors rate pure Company Presentations or Advertising-heavy Lectures negatively, but Targeted Solutions and practical Strategies are consistently rated positively.
- The Exhibition Areas are located in the immediate vicinity of the Lecture Hall, in order to ensure the numerous Breaks are used for personal discussions.
- The Factory Tour at Chiron ensures additional attractiveness for both Visitors and Partners alike.
- The extensive Media Coverage before, during and after the Event ensures the high-profile presence of the Partners both in Print and Online. The Advertorials of the Partners can be discovered at any time, thanks to online archiving.

Why should you become a Partner?

Impart Expertise and generate Leads

Well-known Technology Leaders present their new developments in a concentrated format in a single day, all in one place.

At the heart of the Event are compelling Lectures with an attractive accompanying Exhibition.

Professional Environment

Lecture Event with accompanying Exhibition combines all of the advantages of a Trade Fair with those of a Congress.

Exchange of Experience and Networking

Ample space and opportunity for Networking and conversations at eye level.

Image Enhancement

You will present yourself as a competent Partner on the subject of competitive Medical Technology Manufacturing.

Wide-reaching Execution

In the run-up to the Event via the Trade Journal mav, on our Website as well as via Social Media and in the Newsletter.

Reporting and Leads

After the Event, all Partners receive a GDPR-Compliant Registration List.

Maximum Benefit at minimum Price

Our 360° Service Package

Presentation Space at the Venue: Exhibition Space approx. 6m²

25-minute plenary Lecture Slot to present your concrete Solutions.

Free VIP Ticket Contingent for Business Associates, Customers or Suppliers.

Exclusive provision of Visitor Leads for individual further handling (GDPR-Compliant).

Leads-on-demand on presentation PDF up to 3 months after the event

Reprint of your Contribution (1 Page) in mav 6/2026 in order to increase Reach and to archive Information.

Attractive Event Promotion in Print and Online.
e.g. Visitor Flyer | Self-disclosures | Advertorial in the Conference Reader and in mav | Microsite inc. Partner Logo | Banner Campaigns featured on Konradin Industry Portals | Newsletter Banners Invitation mailings etc.
